ABOUT ME

I am currently a third-year Computer Science student who has a great interest in full-stack development as well as data science. I am someone who loves to take up new challenges and learn new skills. Along with all this, I like participating in Hackathons, meeting new people, and exchanging different ideas.

SKILLS:

- ReactJS • Redux• TailwindCSS • Bootstrap • Firebase • NodeJS • MongoDB • EJS, • jQuery • HTML • CSS • JavaScript • C++ • C • Python • Numpy • Pandas
